

World Renowned Painter Exhibits

Eugenia Tusquets, native of Spain, now makes her home in San Francisco and has been painting professionally for ten years.

Her accomplishments include numerous individual and collective exhibits in Europe, Mexico and the United States. You can find her work in many private collections.

Eugenia has several styles-expressionist-figurative and one which is curiously reminiscent of Fauvist School in France. All works are available for purchase.

The public is invited to meet the artist at a reception with refreshments, Saturday, September 12, from 5-7 p.m., Foster City Museum Gallery, 650 Shell Blvd., Foster City. Hours are 9 a.m.-5 p.m. weekdays.

The gallery is a project of the all volunteer Foster City Art and Culture Committee.
